

An afternoon around Bang Rak.

Old houses. Design ideas. Art by the river.
Three places to choose from, at your own pace.

01 Bangkokian Museum

Start with the preserved houses and a quieter view of Bangkok life. Make this your earlier stop if you want to see the interiors.

Keep the details close.

Scan for venue pages, official websites and map links. Check today's hours, exhibitions and access before travelling. This is a selection, not a timed tour.
